A Presidential Rank Award is one of the most prestigious awards bestowed upon a Federal Career Senior Executive. Each year, the President honors a select group of dedicated civil servants across government whose accomplishments embody agency missions, service, and stewardship. The award recognizes senior executives who see opportunity in every challenge, and who inspire and empower the people who work around them.

The Office of Personnel Management led a 100-person review panel with participants from all over the world. This global perspective helped narrow down a field of incredibly talented nominees from 42 federal agencies, each of whom is a credit to our country and the federal workforce.

In 2021, fourteen executives from the Department of Veterans Affairs received a Presidential Rank Award.
